To Whom It May Concern:

Regarding Buy America compliance for Gibson Stainless & Specialty, Inc.'s (GSS) products, the following is provided:

In accordance with the requirements of the Buy America provision of the Surface Transportation Assistance Act of 1982, codified in 23 U.S.C. 313 for the FHWA and 49 U.S.C. 5323(j) for the FTA¹, all manufacturing processes for these stainless steel products took place in the U.S., and all components are of U.S. origin. That is, the following GSS products meet all Buy America requirements of the Act:

Conduit	Hubs	U-Bolt Plates
Couplings	Grounding Hubs	Threaded Rod
Elbows	Locknuts	Unthreaded Rod
Nipples	Grounding Locknuts	Strut
Three-Piece Couplings	Liquidtight Connectors	Spring Nuts
Caps	Face Reducing Bushings	Channel Nuts
Floor Flanges	Enlarger Bushings	Post Bases
Conduit Bodies	Socket Plugs	Square Washers
Pulling Elbows	One Hole Straps	90° Angles
Device Boxes	Clamp Back Spacers	Strut Plates
GUA Conduit Bodies	Two Hole Straps	Ground Rod
EYS Sealing Fittings	Split Ring Clamps	Cord Grip Connectors
UNF, UNY Fittings	2001 Beam Clamp	(without mesh)

The above products are 100% Made In USA, from melt to final assembly.

Furthermore, the primary components of the following GSS products meet the Buy America requirements of the Act; however, the final assembly contains a hardware item that is a direct import:

Device Box Covers	2000-series Beam Clamps	Two Piece Clamps
Conduit Hangers	2100-series Beam Clamps	Right Angle Beam Clamps
Right Angle Clamps	U-Bolts	Ground Rod Clamps
Parallel Clamps		

The bodies of the above products are 100% Made In USA, from melt to final assembly, but the final assembly contains a hardware component that is a direct import.

Any questions can be directed to the undersigned at (724) 838-8320. Thank you.

Sincerely,

Daniel R. Weimer
Vice President, Engineering & Operations
Gibson Stainless & Specialty, Inc.
